#### Bureau of Entomology and Plant Quarantine.

##### NOTICE OF PERMIT REQUIREMENT FOR THE ENTRY OF SEEDS OF LATHYRUS AND VICIA

It has been determined by the Secretary of Agriculture that sweet pea (*Lathyrus* sp.) and vetch (*Vicia* spp.) seeds imported into this country are frequently infested with one or more species of seed weevils, *Bruchus* spp., including *B. brachialis* Fahr., *B. rufipes* Hbst., and *B. tristiculus* Fahr. *B. brachialis* is reported as established in only a limited area of this country and *B. rufipes* and *B. tristiculus* are not recorded as occurring in the United States. *Lathyrus* and *Vicia* seeds at present are admitted without inspection in accordance with the provisions of regulation 2 of the Rules and Regulations Supplemental to Nursery Stock, Plant, and Seed Quarantine No. 37. Since no inspection is made of these seeds to determine the presence of injurious insects and consequently no treatment is given to eliminate such infestations when they exist, importations of these seeds constitute a pest risk. Their further entry, therefore, shall meet the requirements governing the entry of tree and shrub seeds.

Notice is, therefore, hereby given, in accordance with the provisions of regulation 2, of the Rules and Regulations Supplemental to Notice of Quarantine No. 37, that the seeds of all species and varieties of *Lathyrus* and *Vicia* may be imported from any foreign country and locality, on and after August 1, 1936, only under permit and upon the compliance

with the provisions for the entry of tree and shrub seeds the importation of which is restricted by regulation 3 of the regulations referred to above.

Done in the city of Washington this 20th day of July 1936.

**PINES, OTHER THAN FIVE-LEAF PINES, FROM EUROPE BROUGHT UNDER QUARANTINE 37 BY REVOCATION OF QUARANTINE 20**

**INTRODUCTORY NOTE**

As promulgated March 1, 1915, effective July 1, 1915, Notice of Quarantine No. 20 prohibited the entry of all pines from Europe not already excluded by quarantine. The purpose of the quarantine was to prevent the further introduction of the European pine shoot moth. This insect is now established in certain areas of the eastern portion of the United States and, in view of the concurrent lifting of Notice of Quarantine No. 7 on account of the white pine blister rust, it now seems desirable to revoke Quarantine No. 20. The entry of all pines from Europe thus automatically falls under the restrictions of Notice of Quarantine No. 37, the Nursery Stock, Plant, and Seed Quarantine.

LEE A. STRONG,  
*Chief, Bureau of Entomology and Plant Quarantine.*

**NOTICE OF LIFTING OF QUARANTINE NO. 20 ON ACCOUNT OF THE EUROPEAN PINE SHOOT MOTH**

Under the authority of the Plant Quarantine Act of August 20, 1912 (37 Stat. 315) as amended, I, Secretary of Agriculture, do hereby revoke Notice of Quarantine No. 20, on account of the European pine shoot moth, promulgated March 1, 1915, and effective July 1, 1915, such revocation to become effective September 1, 1936.

Done at the city of Washington this 20th day of July 1936.

**WHITE PINES, CURRANTS, AND GOOSEBERRIES FROM EUROPE, ASIA, CANADA, AND NEWFOUNDLAND BROUGHT UNDER QUARANTINE 37 BY REVOCATION OF QUARANTINE 7**

**INTRODUCTORY NOTE**

As promulgated on May 21, 1913, February 29, 1916, and April 21, 1917, respectively, Notice of Quarantine No. 7 and its amendments Nos. 1 and 2 prohibited entirely (except for experimental purposes by the Department of Agriculture) the entry into the United States from Europe, Asia, Canada, and Newfoundland of five-leaved pines, currants, and gooseberries. The object of this quarantine was to prevent the introduction into this country of the white pine blister rust, an injurious plant disease. Our present knowledge of the distribution of this disease in this country, and of factors necessary for its establishment, indicates that, under certain conditions, host plants may be permitted entry without the risk of spread of the disease to new localities. For that reason a completely prohibitory quarantine is deemed no longer necessary.

The revocation of Quarantine No. 7 automatically places the entry of white pines, currants, and gooseberries under the provisions of Notice of Quarantine No. 37, the Nursery Stock, Plant, and Seed Quarantine, and under that quarantine their entry will be regulated in harmony with the

restrictions of the Domestic White Pine Blister Rust Quarantine No. 63.

LEE A. STRONG,  
*Chief, Bureau of Entomology and Plant Quarantine.*

**NOTICE OF LIFTING OF QUARANTINE NO. 7 (FOREIGN) WHITE PINE BLISTER RUST**

Under the authority of the Plant Quarantine Act of August 20, 1912 (37 Stat. 315) as amended, I, Secretary of Agriculture, do hereby revoke Notice of Quarantine No. 7, White Pine Blister Rust, and its amendments Nos. 1 and 2, promulgated May 21, 1913, February 29, 1916, and April 21, 1917, respectively, such revocation to become effective September 1, 1936.

Done at the city of Washington this 20th day of July 1936.

**REGULATION GOVERNING PROCEDURE WITH RESPECT TO REFINANCING FARM MORTGAGE INDEBTEDNESS PURSUANT TO THE PROVISION IN PARAGRAPH SECOND OF SECTION 13 OF THE FEDERAL FARM LOAN ACT, AS AMENDED**

Whenever a mortgage is acquired by a Federal land bank under the provisions of paragraph Second of Section 13 of the Federal Farm Loan Act, as amended, the Federal land bank acquiring the mortgage shall, by registered mail, notify the owner of the real estate securing the mortgage (if he was such owner at the time when the mortgage was acquired) of his right to have the farm mortgage indebtedness refinanced and the amount at which such indebtedness may be refinanced. The notice shall also advise such owner that in order to refinance such indebtedness he must file an application for a refinancing loan within a reasonable period of time which shall be fixed in the notice and which shall extend not less than three months nor more than six months from the date of mailing of the notice. The right to refinance may be exercised only by a person who, at the time when the mortgage was acquired, was the owner of the property securing the mortgage. Said right may be availed of only in a case where an application for a refinancing loan is filed within the time specified in the notice given by the Federal land bank as herein provided or within such further period of time as may be consented to in writing by the Federal land bank: *Provided, however,* That the Federal land bank shall not extend such period of time beyond six months from the date of mailing of said notice. Stock required to be subscribed by the owner in connection with a refinancing loan shall be paid for in cash except that such cost may, at the option of the Federal land bank, be included in the amount of the loan to the extent that 50 per centum of the normal value of the land mortgaged and 20 per centum of the value of the permanent insured improvements thereon as determined by appraisal exceeds the price paid for the mortgage by the Federal land bank.
